

## General Education Pathway/Academic Year 2019-20

SUU's General Education (GE) program provides the subject-area knowledge and learning skills foundation for 2- and 4-year degrees. **Core** and **Institution** courses make up the general education foundation. **Breadth** courses give an opportunity to explore various subjects. GE courses are highly advisable for concurrent enrollment students; they are required for college graduation and are transferable from one Utah System of Higher Education (USHE) institution to another.

1. **Review the class list below with parents and counselors. Follow the instructions, in blue, to select classes in each GE category.**
2. **Speak with experts about GE choices.** 1. Ask a high school counselor which GE classes are available at your school; ask about other ways to fulfill GE requirements (AP, for example). 2. Ask a SUU academic advisor (435-586-5420) how course choices will fit different certificate and degree programs.
3. **Are you ready to be a Thunderbird? Let's get started.**
