

General Education Pathway/Academic Year 2019-20

Weber State University's General Education (GE) program provides the subject-area knowledge and learning skills foundation for 2- and 4-year degrees. **Core** and **Institution** courses make up the general education foundation. **Breadth** courses give an opportunity to explore various subjects. General education courses are highly advisable for concurrent enrollment students; they are required for college graduation and transferable from one Utah System of Higher Education (USHE) institution to another. *It is possible to complete Weber State's GE requirements by taking 5 concurrent enrollment classes each, junior and senior year plus registering separately for LIBS 1704.*

1. Review the class list below with parents and counselors. Follow the instructions, in blue, to select classes in each GE category.
2. Speak with experts about GE choices. 1. Ask a high school counselor which GE classes are available at your school; ask about other ways to fulfill GE requirements (AP, for example). 2. Ask a WSU concurrent enrollment academic adviser (801-626-8060, 801-626-8775, or 801-626-7901) how course choices fit different certificate and degree programs.
3. Are you ready to be a WildCat? *Let's get started.*
