1. Fill ot the Personal Information section listed under the first tab (make sure you use your email that you check most frequently, not your parents’ email address).
2. Make sure to check the box to give us permission to send you text messages - this is the easiest way to keep up to date with important deadlines.
3. If you do not know your Social Security Number, you do not need to enter it at this point in time. We can collect this information at a later date if you choose to apply for Financial Aid.
4. Choose your citizenship type - there will be additional clarification if you are not at U.S. Citizen.
5. Ethnicity information is not required if you wish not to disclose that specific information.

2. Select the major you would like to study - if you are not sure select “Undecided”.
3. If you have any plans to defer your admission please select “Yes” - this will then ask several additional questions such as reason for deferment (Church Service, Internship or Military) and when you plan to return. It is also important to list a contact that can work on your behalf while you are gone. ** You can do this at a later time if you are unsure of the timing at the moment.
4. The next 3 questions are about making sure you have the needed financial resources to help you attend college - select the answers that best fit you.
